

libra

OVS
Riuniti attorno a un'idea

**Patients
with mobility
problems?**

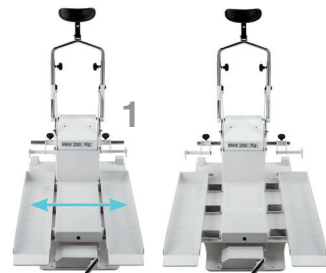

OMS has developed the solution named Libra

ADJUSTABLE AND
REMOVABLE HEADREST

MAXIMUM LOAD:
250KG

- 1 Adaptable to width from 54 to 76 cm
- 2 Variable Height and Swinging

KEEP OUT THE CHAIR...

Libra

55 Years of Experience, technology and avant-garde materials. Made in Italy design.

These are the values that allow OMS to support in the best way all the Dentist's and Assistant's needs, creating with the patients a good relationship based on the trust and the safety. This is the know how where Libra is born.

The step makes easier and quicker the housing of any kind of wheelchair, even electric, next to every OMS unit with floor water group, avoiding any complicated movement problems.

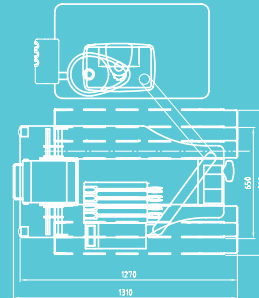

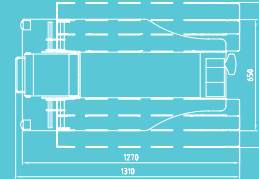

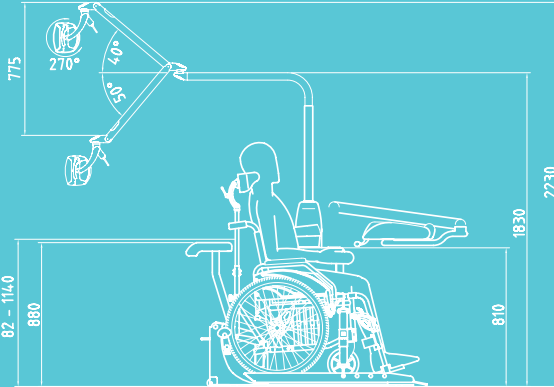

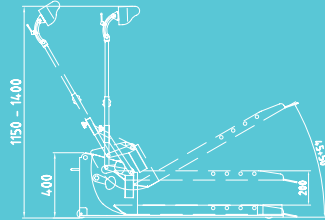

... AND PLACE THE PLATFORM FOR DISABLED
